

REMARKS

Claims 7, 8, 13-16, 37, 41, and 42 have been canceled in this paper. Claims 26-33, 38-40, 46-53, and 59-63 were canceled in a previous paper.

Claims 1-6, 9-12, 17-25, 34-36, 43-45, and 54-58 are pending in the application. Favorable reconsideration is respectfully requested.

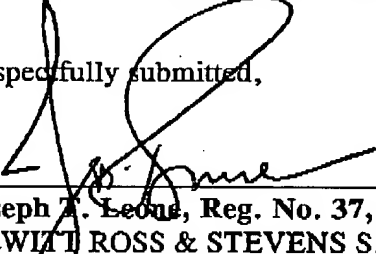

The present Response After Final does not touch the merits of the invention, other than to cancel those claims rejected in the Advisory Office Action dated June 20, 2005. All of the remaining claims were indicated as allowable (explicitly or *sub rosa*) in the Advisory Office Action. Applicants note that the recitation of allowed claims in the Advisory Office Action did not list Claims 54-58, which are properly in the case. These claims, however, depend either directly or indirectly from claims that were indicated as allowable, and thus are also presumed to be allowable.

A substitute Fig. 1 is submitted herewith.

CONCLUSION

In light of the above amendments and accompanying remarks, Applicants submit that the application is now in condition for allowance. Early notification of such action is earnestly solicited. The Commissioner is hereby authorized to charge any additional fees or credit any overpayment to Deposit Account No. 18-2055.

Respectfully submitted,
